LTRC 7/8 Prep League –All Locations – The Prep League is an introduction to competitive baseball. Outs and runs and wins and losses will be kept. Coaches will focus on teaching all the fundamentals of baseball, the rules of baseball and the team concepts of both winning and losing. Coaches will pitch, players will play a modified catcher, position play in real positions and swinging strikes will count. Teams will only get 3 outs per inning or 5 runs max before taking the field again. The motto of this league is **Play Ball!**

Schedule – Practices on scheduled weeknight at location. The first 2 Saturdays will be “exhibition games” played against 2 other teams at their location and then starting in week 3, there will be a travelling schedule between all 3 locations.

During the off season, we made some minor changes to our website....the general look and feel is the same but we're adding new features like our scrolling banners for our Grand Slam Sponsors and our new Contact Us page where you can send an email to the specific program commissioner you're interested in.

Only 4 months, 1 week and 5 days until our season opens and you hear **PLAY BALL!!!**

Mike McCullough, President
